

ROTARY DISTRICT 5420 REQUEST FOR DISTRICT DESIGNATED FUNDS

Instruction: District 5420 has funds to help with Global Grants. When applying for a Global Grant there is a section in the application titled "Funding." This is where you would input committed district designated funds (DDF). It is best to ask for DDF while filling out the application for a Global Grant. Funding from the district is based on the amount of money available at the time. Generally, the district will commit \$10,000-\$15,000 towards a grant, depending on the amount of club participation within our district for the grant. The more clubs involved the greater amount of DDF the district will commit.
