1. Rotary New Generation Service Exchange (NGSE) is a service-oriented and vocational exchange program for young adults ages 18-30. Students learn a new language, discover another culture, and truly become global citizens. Participants can design exchanges that combine their professional goals with a humanitarian project. The young adult needs to have good mental and physical health. If there are any questions or concerns, these must be addressed before Interviews in January.
2. NGSE last from a few weeks to six months, timing can vary.
3. New Generation Service Exchange candidates do NOT pick their countries. Countries cannot be guaranteed until the application is accepted by the country. Students need to pick three areas of the world they have interest in serving and learning from. The student's top three choices are considered but not guaranteed. Candidates MUST be flexible and willing to go wherever they are placed. Some countries have language, age, education, and other requirements. Some countries DO NOT accept vegetarians.
4. Students will typically live with 1 host family while on their exchange. All homes have all members cleared through the background check process.
5. Host families may be of the same or different religion than the young adult's. Young adults may not have the opportunity to attend the church of their faith while on exchange.
6. Students are required to follow the 4D's while on exchange: (1) No Drinking (2) No Drugs (3) No Driving (4) No Serious Dating/Sexual Relationships. Breaking these rules will result in being sent home early. If a student is sent home, no refunds will be given. If there is any extra charges on return tickets on early returns, the student is responsible for those charges.
7. Families are asked to have limited contact with their student while they study abroad to help the student learn the new language quicker and help with the homesickness process. Families are ask to limit their interaction with their young adult to one hour per week.
8. The cost of a New Generation Services Exchange is the cost of a passport, plane tickets, visas, travel insurance, additional immunizations, spending money, gifts, pins for exchanging and personal items. All these costs are the responsibility of the student and their family.

9. The NGSE Application is available on the Utah Rotary website utahrotary.org under Youth Exchange/Outbound Students.
10. Applications are due by December 15th of the year before you want to do a NGSE. Interviews will be conducted in the beginning of January. If the young adult does not attend the interview, the young adult will not be considered for a Rotary NGSE. A parent must accompany the student to the interviews (All parents and step-parents are encouraged to attend). This is an all-day interview and the student and parent must attend all day.
11. Many foreign countries require COVID immunization, so it is likely that the student will need to be vaccinated to participate, although this is not a requirement of Rotary itself and Rotary cannot guarantee the host family will be fully vaccinated.
